As of 2009, more than 13,012 children and teens from Indiana were homeless. Together, we can make these numbers smaller. CGMSN's NJHS is giving donations to KIC-IT, an organization that works to reduce homelessness. Through the support of students, parents, and individuals around the community, we can make a difference. Watch for gift baskets at school events for a chance to win. All donations will go to KIC-IT.

Sam's Watch is a nonprofit dedicated to teaching young people about the dangers of synthetic drugs. It was formed after Sam Motsay, a 16-year-old honors student-athlete, died on Mothers' Day 2014 after he used a little-known synthetic drug, 25i-NBOMe
