Communicate	table 9 how we can more effectively communicate our curriculum offerings to staff, parents, and kids		13	Curriculum
Communicate	Table 8 - I wonder how we communicate our curriculum at the local school level	13	0	Curriculum
Culture & Diversity	Table 10 we wonder if we could have international exchange programs		13	Curriculum
Culture & Diversity	Table 2: I wonder. . . if we could establish a more cultural diverse experience for students.		10	Curriculum
Culture & Diversity	Table 13 Diversity training embracing different cultures		1	Curriculum
Culture & Diversity	Table 10 we wonder how to increase student diversity	24	0	Curriculum
Differentiation	1-Table 11: In the era of technology, I wonder how we effectively individualize instruction.		5	Curriculum
Differentiation	Table 10 We wonder how to provide more personalization for each student		2	Curriculum
Differentiation	Table #5 - How can we increase curriculum and instruction for high ability students		2	Curriculum
Differentiation	table 9 what wide range of program offerings at middle school level parents would like		1	Curriculum
Differentiation	Table #5 - Is there a process to advance kids past topics/grades if they demonstrate mastery		1	Curriculum
Differentiation	table 9 how can we better assist our students to have a larger percentage pass our high stakes test		0	Curriculum
Differentiation	Table 4: we wonder high ability enhancements? needs/ wants, scheduling options, choice- self selection?	11	0	Curriculum
Early Childhood	12-- (hr) how can we address early childhood in district (community-wide)	4	4	Curriculum
Foundations	Table 7 - We wonder if there should be universal curriculum for writing and math		5	Curriculum
Foundations	Table #3 If we could get the best curriculum what would it be and how would it impact our student achievement.	9	4	Curriculum

Performance	Table 10 we wonder if we could survey recent grads about curriculum and how prepared they were for college and careers		5	Curriculum
Performance	Table #3 Is our curriculum having a positive impact on student achievement? ISTEP Trends for district compared to rest of county and state??		1	Curriculum
Performance	Table #3 Are there areas in the district where we are seeing great success that can be modeled throughout the district? ie. alternative school for middle school	7	1	Curriculum
STEM	1-Table 11: I wonder how we can make STEM a district initiative.		12	Curriculum
STEM	Table #5 - Can we connect STEM to lower levels		4	Curriculum
STEM	Table #5 - Can we devel a track for hs stude with an emphasis on STEM?		0	Curriculum
STEM	12-- (env)steAm vs stem?	16	0	Curriculum
Whole Child	Table 13, Social emotional curriculum, Innovation		4	Curriculum
Whole Child	Table 7 - We wonder what would happen if there was universal character education?	4	0	Curriculum
	Table 7 - How do we establish sponsorship networks with community businesses?		1	Curriculum
	Table 6 - We wonder what is a reasonable process for re-examining curriculum?		1	Curriculum
	12-- we wonder what program offerings CG100 feel are missing		1	Curriculum
	Table 2: I wonder what would happen if we developed a more interactive component to our online curriculum?		0	Curriculum
	Table 10 we wonder if we could have m agent programs in elementary schools.		0	Curriculum
	Table #5 - Do all schools have SST's?		0	Curriculum
	4-Table 11: I wonder what our schools would look like if our students weren't afraid to fail and learn from their mistakes.		6	Curriculum
Communicate	Table 4: we wonder how to give and explain budget and finance?		9	Finance

Communicate	table 9 how can we better inform and educate our staff parents and community members about school finances		4	Finance
Communicate	Table 6: Everything is on the website - how can we communicate about school funding in a way that is easily understood		2	Finance
Communicate	Table 1: How we educate our community about \$		2	Finance
Communicate	Table 8 - I am wondering how much our community understands the complexity of the funding silos		0	Finance
Communicate	Table #5 - What additional finance information does the community want/need?		0	Finance
Communicate	Table #3 How do we educate and capitalize on using our community to impact the school funding formula?	17	0	Finance
Increased Funding	3-Table 11: I wonder if we had no financial constraints, what would we do?		8	Finance
Increased Funding	3-Table 11: I wonder if we can get more funds from the state via the funding formula.		0	Finance
Increased Funding	Table 7 - We wonder how we can stay cutting edge with our financial resources?	8	0	Finance
Prioritizing	Table 10 we wonder what the community would prioritize to spend resources on		4	Finance
Prioritizing	Table #5 - Is there corporate \$ available to help implement STEM?		1	Finance
Prioritizing	12-- (fin). Are deficiencies in HA and Spec. ed resource based?	6	1	Finance
	Table 8 - I wondering why the community feels that the corporation is a steward now, but they did not in the past		1	Finance
	I'm very proud of our school for having something like the SPC. I do wish there was a way of involving more of the students in the discussions. Maybe having a SPC that was at the student level(?)		0	General
	I hope the SPC becomes a mainstay of collaboration for the future of Center Grove.		0	General
	4-Table 11: I am wondering how students would respond to these survey questions.		11	General
Class Size	Table 10 We wonder if we review the teacher student ratio to determine if smaller class sizes are needed		2	Human Resources

Class Size	Table #5 - What do people think is the appropriate class size at each grade level?		2	Human Resources
Class Size	Table 2: I wonder what it would be like to have smaller class sizes at the Middle School level.		1	Human Resources
Class Size	Table 7 - We wonder what the right ratio is between teacher-students?	5	0	Human Resources
Climate	Table 7 - Wonder how to keep teachers passionate and happy?		6	Human Resources
Climate	Table 7 - How do we make sure teachers are passionate to create an engaging environment?		6	Human Resources
Climate	Table 1: How can parents share their positive feelings about staff		6	Human Resources
Climate	6-Table 11: I wonder how you create a team environment between administration and staff that eliminates the perceived the adversarial relationship to achieve the purpose the common goal of how it affects student learning.		5	Human Resources
Climate	Table 13: We wonder if we could increase the community of respect for teacher leaders		3	Human Resources
Climate	Table 1 If we advertise our teachers credentials, (put a bio on the website) if it would increase our communities perception of our employees		1	Human Resources
Climate	Table #5 - Why are parents more satisfied with elementary teachers and not secondary, transportation and food service	28	1	Human Resources
Evaluation	Table 8 - Is there a way for parents to provide input on a teacher or staff member? As a parent how do we need to know who to speak to (especially in buildings with multiple administrators). I wonder if there is a way for parent to provide feedback without offending teachers.		2	Human Resources
Evaluation	Table 10 We wonder diversyfing input for teacher ratings would add to the quality of education		2	Human Resources
Evaluation	6-Table 11: I wonder how we can get teachers and administrators on the same page with evaluations.		2	Human Resources
Evaluation	Table #5 - How can we involve parents and students in teacher evaluations		0	Human Resources
Evaluation	Table #3 IS there a positive correlation with student growth and achievement and our evaluation system?	6	0	Human Resources
Compensation	Table 10 we wonder if contract negotiation saw I'll differentiate pay between effective and highly effective teachers		4	Human Resources
Compensation	Table #3 What incentives do we offer that will entice all employee groups to Center Grove?	6	2	Human Resources

Technology	table 9 what will happen with staff as technology advances and online offerings increase		7	Human Resources
Technology	Table 8 - I am wondering about the commit to staffing as we add new offerings (online, Dual Credit)?	7	0	Human Resources
	Table 7 - Professional development for non-teachers?		1	Human Resources
	Table 7 - Is there a more streamlined way to handle documentation to allow teachers more time with their students and less time on paperwork?		5	Human Resources
	Table 4: we wonder what training can we have for parents and community.		1	Human Resources
	Table 6: How are teachers adapting to the changing curriculum?		0	Human Resources
Enrollment	Table 4: we wonder how will we shift enrollment to provide optimum learning environments/ spaces?		5	Learning Environment
Enrollment	12-- what about redistricting?	7	2	Learning Environment
More Space	Table 8 - I am wondering how close we are to needing a 6th Elementary School or 3rd Middle School? Will the current renovations accommodate future growth?	13	13	Learning Environment
Quality Space	Table 2: I wonder what it would take to be up to par with other athletic training facilities		3	Learning Environment
Quality Space	Table #3 Do our buildings have equitable resources and facilities?		2	Learning Environment
Quality Space	table 9 does the outside of our buildings reflect the great things going on inside the buildings as more parents come and take tours etc,,,	6	1	Learning Environment
Safety	12 (env) what else needs to be improved as far as safety and security? "B" rating		4	Learning Environment
Safety	Table 2: I wonder if the children feel safe and supported?	4	0	Learning Environment
Start Times	Table 5: We wonder if we would consider flipping start times for elementary and secondary students.	16	16	Learning Environment
	Table 8 - I am wondering why the individual building needs in question? Are we not going to complete those?		0	Learning Environment
	Table 2: A long range plan to maintain and upgrade facilities		0	Learning Environment

Inclusion	Table 10 We wonder how to reduce the impact of special needs on the general education students		10	Special Education
Inclusion	Table 13: We wonder if a classroom with continual behavior problems are the most restrictive environment.		1	Special Education
Inclusion	Table 10 We wonder is there a better way to balance inclusion	12	1	Special Education
Perception	Table 8 - I am wondering why we receive a B- in Special Ed when meeting individual potential? Is there a specific concern or deficiency?		6	Special Education
Perception	table 4: we wonder why was the SpEd score low? -perception?	10	4	Special Education
	5-Table 11: I wonder if we can motivate the special education student to CARE about learning, not just grades.		1	Special Education
	Table #5 - How is special education staffing determined? Is there a formula to assign assistants, teachers?		1	Special Education
	table 9 how do we provide services for students who need additional academic supports if they are not yet identified as special ed		5	Special Education
	Table 7 - How do we stay cutting edge in special education?		5	Special Education
	Table 10 we wonder how special education facility needs are prioritized		1	Special Education
	Table 8 - I am wondering what type of disabilities we serve in Special Ed?		0	Special Education
	Table 6: would the special education grade be different if it was sorted by level of education		0	Special Education
	How can we secure more resources for Sped?		0	Special Education
	12-- (spec ed) what does a utopia for spec. Ed and HA look like?		0	Special Education
Devices	Table 8 - I wonder if 6th grade is too soon for take-home devices. I wonder is there is research about the appropriate grade level to take home a device		1	Technology
Devices	table 9 how much students use their portable devices to impact their learning?		0	Technology
Devices	Table 7 - We wonder if all technology should be the same at all levels or have different platforms?		0	Technology

Devices	Table 6: What would it look like if everyone brought their own devices?		0	Technology
Devices	12 (tech)-- what is the appropriate grade level to send tech home?	1	0	Technology
Digital Community	Table 4: we wonder our reponsibility for students safety and security in digital world.		4	Technology
Digital Community	table 9 how we continue to provide social skills and education when students are involved with technology and what will technology advances impact school staffing		3	Technology
Digital Community	Table 7 - We wonder if we should teach technology to parents?		3	Technology
Digital Community	Table #3 Has technology been fully utilized effectively to impact student achievement? Are we getting theresults from what we are spending?		3	Technology
Digital Community	Table #3 What options has our distrit come up with to meet the needs of our lowest income families in oder to support the digital experiences?		3	Technology
Digital Community	12 (tech)-- how can we incorporate technology without losing human interaction?	17	1	Technology
E-Learning	Table 1- What could an e-learning day mean for us?		10	Technology
E-Learning	Table 10 we wonder if online curriculum will increase		3	Technology
E-Learning	Table 4: we wonder why cant we offer if needed virtual classroom for temp. disabled/ sick students?		2	Technology
E-Learning	2-Table 11: I wonder if you showed both the online vs. face-to-face curriculum to students, which they would choose.		2	Technology
E-Learning	Table 8 - I wonder if eLearning days are really equal to a face-to-face instructional day. I wonder if eLearning days will work across curriculum and for all grade levels		1	Technology
E-Learning	Table 10 we wonder if we could have online classes with other districts to increase perespectivr		1	Technology
E-Learning	12-- What requ course offerings can we offer online to allow flexibility in scheduling. (Electives, the arts, etc)?		1	Technology
E-Learning	Table #5 - Implement elearning for flexible start time for secondary students		0	Technology
E-Learning	2-Table 11: I wonder how we can better inform the community about how Global Campus is different than most online courses people see.	21	1	Technology

Training	Table 13 Training needs for keeping up with technology	11	10	Technology
	Table 1 Wonder how we allocate \$ for technology		1	Technology
	Table 2: I wonder if being cutting edge is really serving our students?		2	Technology
	Table 1 wonder if our students could use technology to be producers rather than just consumers with iPads		2	Technology
