What If Students Could:

Share about themselves

Put ideas together

Present their ideas easily

Organize themselves

Have all members of their home and learning team in the loop

Be less anxious, be more centered

Use

Ways To Introduce A Device

- **First think about interest, ability, home supports, and environment.**
- **Tap into interest:**
- **Photos and videos**
- ***Little Puzzles***
- **Basketball app: *Flick Ball***
- ***Teaching cause and effect, touching the screen and swiping***

We Are More Alike Than Different

- Pictures, albums, slideshow, portfolios
- Videos
- Notes and Speak Selection
- **Use handheld devices to allow students to share about themselves.**

Ways To Communicate Remotely, Learning And Communication Happens Everywhere

Texting: photos, saved sentences from notes,

WAYS TO COMMUNICATE UP CLOSE

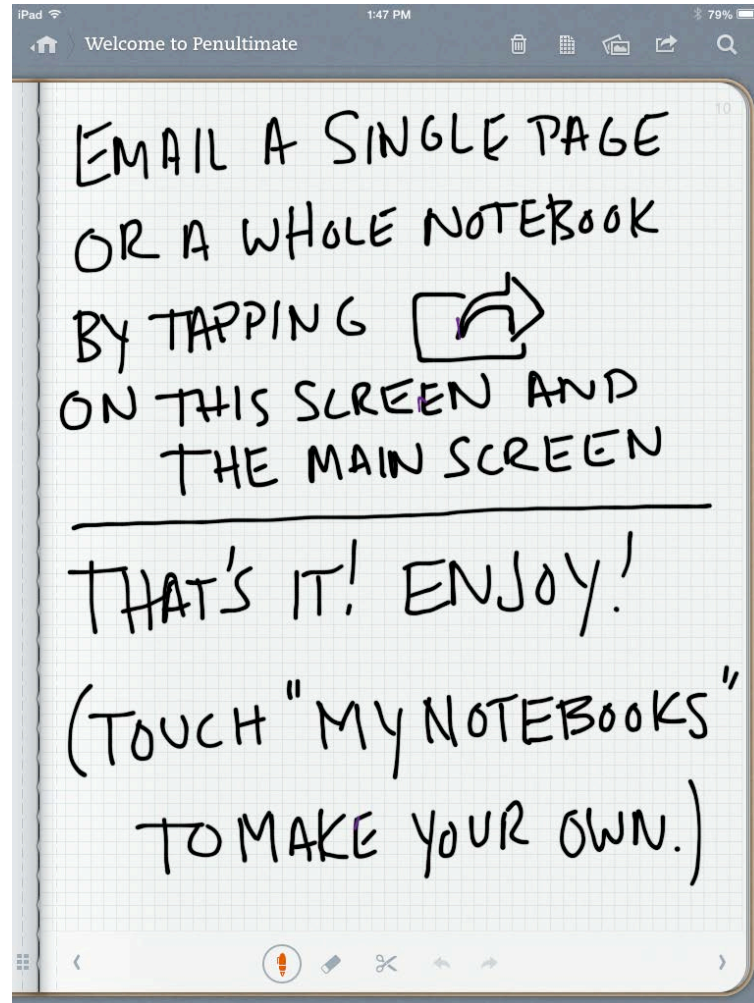

- Robust communications systems such as ***Proloquo2Go*** or ***TalkTablet***
- Information saved on the notes page
- Showing pictures and videos from your device
- Writing on the screen or using the keyboard “in the moment”
- Drawing on the screen “in the moment” with ***Doodle Buddy*** or ***Penultimate***
