PREAMBLE

This agreement is ratified by both parties this 20th day of September, 2018 by and between the Board of School Trustees on behalf of the Center Grove Community School Corporation, hereinafter called “the Board” and the United Teachers Association of Center Grove, an affiliate of the Indiana State Teachers Association and the National Education Association, hereinafter called the “Association”.

It is hereby mutually agreed, by and between the parties hereto, as follows:

ARTICLE 1 – RECOGNITION

The bargaining unit of United Teachers Association of Center Grove exclusive representative and Center Grove Community School Corporation school employer is the following:

All certificated school employees of the Board except employees in the following classifications: Superintendent; Student Services Director; Assistant Superintendents; Principals; Human Resources Director; Assistant Principals; Director, Curriculum/Assessment/Evaluation and Staff Development; Dean of Students/Administrative Assistant; High School Assistant to the Principal; Chief Financial Officer; Alternative School Coordinator; Special Programs Coordinator; High School Athletic Director; Chief Technology Officer; High School Assistant Athletic Director; Data Integration Manager; Head Varsity Boys Basketball Coach; Head Varsity Football Coach.

ARTICLE 2 – TERM OF AGREEMENT

The terms of agreement shall be effective upon ratification and shall continue in full force and effect through the 30th day of June, 2019.

Upon expiration of this contract, no teacher will automatically receive an increment or any other salary increase under the 2018-2019 salary schedule. Rather, teacher salaries after the 2018-2019 school year will be determined through negotiations between the School Board’s bargaining team and UTACG’s bargaining team. Any salary increase under the compensation model will occur only if sufficient funding is available and all other negotiated criteria are met by the teacher receiving the increase.

ARTICLE 3 – SALARY AND WAGE PROVISIONS

The compensation model bargained between the Center Grove Community School Corporation and United Teachers Association of Center Grove shall be the B.A.R.I.C. (Bargaining, Analyzing, Researching Information for Compensation) Program.

Under Indiana Code 20-28-9-1.5, a compensation model must use a combination of following factors: Experience/New Possession of a Content Area Degree/Content Area Credit Hours Beyond the Requirements for Employment, Teacher Evaluation, Leadership, and Meeting Academic Needs of Students. This model maintains a salary schedule using teacher evaluation and new possession of a content area degree or content area credit hours that are beyond the requirements for employment as criteria for a salary increase. Under this model, a teacher’s new possession of a

content area degree or content area credit hours beyond the requirements for employment does not account for more than 33.33% of the calculation used to determine the teacher’s increase or increment.

Under Indiana Code 20-28-9-1.5, a teacher rated “Ineffective or “Improvement Necessary” may not receive any raise or increment for the following year unless eligible for the increase in accordance with Indiana Code 20-28-9-1.5(d).

A. Base Salary

1. All bargaining unit members who meet the criteria in the compensation model to receive a salary increase by making a lane change will be permitted to do so for the 2018-2019 school year.
2. All bargaining unit members who meet the criteria in the compensation model to receive a salary increase by moving down one row (but do not meet the criteria to make a lane change) will be permitted to do so for the 2018-2019 school year.
3. A 2.0% across the board increase to the salary schedule for the 2018-2019 school year. To be eligible for this increase as part of the overall 2018-2019 compensation plan, the teacher must not have been evaluated in the bottom two performance categories for the 2017-2018 school year.
4. For the 2018-2019 school year, a one-time stipend in the sum of \$500.00 will be paid to all bargaining unit members who were at the top row (Row 26) in their respective column during the 2017-2018 school year and will continue to be at the top row (Row 26) in the same column during the 2018-2019 school year.

The total base salary increase by the Board, inclusive of row/column movement and the across the board increase, equates to a total increase of 3.63%. No more than 33.33% of this total salary increase is attributable to the teacher earning a content area degree or content area credit hours beyond the requirements for employment. (For a definition of content area degrees and content area credit hours beyond the requirements for employment, see Paragraph B below). Salary increases forfeited by teachers who were rated as needs improvement or ineffective for the 2017-2018 school year will be redistributed to the highly effective and effective teachers in the form of a stipend.

B. Salary Schedule Movement

Movement on the salary schedule for the 2018-2019 school year can occur for two (2) reasons. There is no diagonal movement. Movement can only occur to the right or down. Once a teacher reaches a column, the teacher will remain in that column until the teacher meets the requirements listed to move to another column to the right. For purposes of this compensation model, eligible “content area” degrees and credit hours are defined as any content area (as defined by the IDOE) in which the teacher currently teaches or any other content area approved by the Superintendent.

1. Movement down one (1) row
If the teacher is not eligible for a column change due to not possessing a new content area degree or content area credit hours and the teacher’s evaluation is not in the bottom two performance categories, the teacher will move down one (1) row in the column s/he is currently placed.
2. Movement over to the right one (1) column
If the teacher qualifies for a column change due to the new possession of a content

area degree or content area credit hours beyond the requirements for employment, and the teacher's evaluation rating is not in the bottom two performance categories, the teacher will move one (1) column to the right. The teacher's possession of a new content area degree or content area hours beyond the requirements for employment does not account for more than 33.33% of the teacher's increase or increment.

C. Notification of Lane Change

A teacher must notify in writing and verify to the Superintendent the additional content area credit hours or content area degrees earned that are beyond the requirements for employment that qualify the teacher for a column change on the salary schedule prior to the start of school as defined by the first teacher contract day.

D. Pay Schedule Language

This provision is intended to establish an alternative wage payment arrangement in accordance with Indiana Code 20-26-5-32.2. For the 2017-2018 school year, teachers will be paid in 24 equal installments. The first pay of the school year will be August 20, 2018 with each payroll thereafter falling on the 5th and 20th of each month. The payroll schedule for the 2018-2019 school year is as follows:

E. Salaries and Wages

The parties agree that salaries and wages to be paid to teachers pursuant to this Agreement are as follows:

- Appendix A – The Certified Salary Schedule
- Appendix B – The ECA Schedule
- Appendix C – The ECA Category List

2. One-half year of teaching service shall be credited to a teacher for at least 60 days but less than a total of 120 days of teaching service during a July 1 to June 30 period exclusive of summer school. Half years of credit for teaching service shall accumulate. Not more than one (1) year of teaching service may be earned by a teacher in any July 1 through June 30 period.
3. Equivalent teaching service during a July 1 to June 30 period exclusive of summer school in any of the following shall be recognized as the equivalent of teaching service in the employ of the Board.

 - b. Teaching service in an elementary or secondary school maintained or funded by the United States Government;
 - c. Teaching service in a college or university accredited by a nationally recognized accrediting association; Interpretation: For a teacher to receive credit for college or university teaching, they must have taught a minimum of twelve (12) semester hours per semester at a college(s) or university (ies) for one academic year. The twelve (12) hours of teaching do not have to be at one college or university. For example, a teacher could teach six (6) semester hours at one college and six (6) hours at another college during the same semester.
 - d. Service on the professional staff of the Indiana Department of Education.

G. Using Salary Schedule in Appendix A

Using the Salary Schedule in Appendix A, for the initial placement purposes only of a new teacher hired by the School Corporation, a row represents a year of teaching service. A teacher's initial placement on the salary schedule will typically be in the correct degree column and in the row which is equal to the years of service the new teacher has accrued. However, the Superintendent will place new teachers in the correct degree column on the salary schedule at a row s/he deems appropriate, after consultation with the UTACG President.

H. Checks

Teachers will receive their basic salary (including pay for extra duty assignments) divided among twenty-four (24) equal pays. Except as otherwise specifically provided hereinafter, but otherwise in accordance with section 409A of the Internal Revenue Code and the Treasury Regulations thereto ("409A"), the time or schedule of any payment of salary will not be accelerated.

1. Any teacher who receives an ECA stipend that appears on their employment contract shall have that stipend added to the regular salary payment schedule and paid equitably throughout the year.
2. Any teacher who receives an ECA stipend or Activity stipend not appearing on their

employment contract shall receive payment following completion of the work.

3. Any teacher who wishes to receive a lump sum payment at the end of the year must make an annual request in writing no later than May 1.
4. Any teacher, who retires, severs employment or dies shall receive their final salary in a lump sum.
5. The foregoing provisions shall be construed and administered in a manner to comply with Section 409A and shall not be amended or terminated in a manner that would cause a teacher's salary to be subject to early inclusion in income as provided in 409A.

I. Teachers off Schedule Moving Back On

Should a teacher's evaluation rating fall into one of the bottom two performance categories, the teacher's salary will remain the same as the previous year, or for all practical purposes the salary amount is frozen. In the event a teacher whose salary was frozen because of prior performance and the teacher's evaluation rating is no longer in the bottom two performance categories, the teacher shall either resume appropriate movement as listed above, or; in the event that a teacher's salary no longer appears on the salary schedule, the teacher's salary shall be determined by first identifying the correct degree column the teacher should be placed in, then the teacher shall be placed in the cell which corresponds to the salary which is the next higher than his current salary. For clarification, a teacher will not be permitted to "catch up" to the position on the schedule that he/she would have otherwise been at but for the prior needs improvement or ineffective evaluation rating.

J. Credit on Salary Schedule for Active Duty in an Armed Service

A teacher who has served on active duty with an armed service of the United States at any time after graduation from high school shall be entitled to apply for and receive credit for the period of active military service on the salary schedule set out in Appendix A of this Agreement. For the purpose of calculating the number of years of credit for active duty service, one year of credit on the salary schedule shall be granted for each nine (9) or more months of active duty service or a combination of active duty service and teaching service in the employ of the Board during any twelve (12) month period beginning July 1 and concluding on June 30. A written request for credit on the salary schedule pursuant to this section shall be submitted to the Superintendent and shall be supported with documentation of the specific dates of active duty military service. Credit shall be granted beginning on the date of receipt of the written request by the Superintendent and shall not be retroactive.

K. Teacher Salaries and Wage Provisions Outlined in Grants

Teacher salaries and wage provisions outlined in approved grants by the Superintendent or designee will take precedence over Appendix G, Section A – Curriculum Workshops/Professional Development.

L. Sick Leave Severance

A teacher rated "Effective" or "Highly Effective" released under a reduction in force shall have the option of:

Being paid 25% of their accumulated sick leave days at his/her/ per diem rate to a maximum of \$2,500 and retain the unreimbursed accumulated sick leave days, or:

Have 100% of his/her accumulated sick leave days remain.

This option must be exercised by the first day of the next school year. Notwithstanding the foregoing, the Option 1 payment is not available to a teacher who has satisfied the 401(a) Plan vesting requirements in Appendix D, Subsection A, Paragraph 3 (d) at the time of the applicable reduction in force.

 - c. If a teacher takes approved “Lost Pay” (leave of absence) that teacher will not be eligible to receive the per diem rate for one day as prescribed in the chart.

3. When teachers accumulate 200 sick days, at the beginning of the next school year the teacher shall be credited eight (8) more sick days. However, at the end of that school year, the sick days shall not carry over. Therefore, the maximum amount of accumulated sick days will remain at 200.

4. A teacher’s accumulated sick leave days remain available for use during the teacher’s employment, but no further payment will be made to a retiring teacher for

2. All or part of a leave taken by a teacher because of a temporary disability caused by pregnancy may be charged, at her discretion, to her available sick days. C. Family Medical Leave Act (FMLA)

Bereavement leave shall be given to the teacher for death of an aunt, uncle, niece, nephew and cousin for a period extending not more than three (3) working days beyond such death. An individual who is employed as a teacher by the Center Grove Community School Corporation at the time of retirement or severance from employment will be eligible for the following severance benefits provided the teacher has otherwise satisfied the requirements and conditions described below:

A. Group Health Insurance

Immediately following severance, the teacher and his/her spouse, if any, shall have the option of remaining in the Corporation's current group medical, dental and vision insurance plan ("Group Health Plan") if all of the following conditions are met as of the date of severance and thereafter:

1. The teacher has attained fifty-two (52) years of age and is not eligible for Medicare;
2. The teacher was enrolled in the Corporation's group health plan immediately before severance;
3. The teacher must have completed not less than fifteen (15) full years of service as a professional educator in the Center Grove Community School Corporation;
4. Within ninety (90) days of the severance date, the teacher provides a written request to the School Corporation for continuing insurance coverage for the teacher and spouse, if any, and;
5. While the retired teacher and spouse, if any, remain enrolled in the group health plan, the retired teacher and spouse shall pay all premiums applicable to the group health plan coverage, with monthly payments made from their Separate Share of the VEBA and/or personal funds on or before the first day of each month for which group health plan coverage is to continue. Notwithstanding the foregoing, a retired teacher may, but need not, elect to make earlier payments of the amounts due for the group health plan coverage.

The cost of the group health plan coverage shall be the sole responsibility of the retired teacher and spouse. However, amounts held in the retired teacher's Separate Share of the VEBA may be used to make payments of the group health plan premiums, but only as otherwise allowed by the terms and conditions of the VEBA and the Agreement, as amended. All required payments should be made to the School Corporation's Treasurer.

When a retired teacher first becomes eligible for Medicare, the teacher's eligibility to continue to participate in the Corporation's group health plan shall terminate, if not earlier terminated according to applicable law (An employee's spouse will become ineligible for health benefits when that spouse first becomes eligible for Medicare benefits). Therefore, this right to extend coverage shall not override any rights to continuing health care coverage as required by COBRA.

The foregoing rules shall apply separately to the group medical, dental and vision insurance plans. Therefore, if a retiring teacher were only participating in the group medical insurance plan during the school year immediately before severance, the retiring teacher and spouse would not be eligible to elect to participate in the group dental or group vision insurance following retirement.

B. Term Life Insurance

A teacher retiring on or after the attainment of age fifty-two (52) and who otherwise qualifies under an eligible class for retirement as defined by the School Corporation's term life insurance carrier may continue to participate in the School Corporation's term life insurance coverage program. To continue this coverage, the retired teacher must pay the entire insurance premium applicable to the term life insurance coverage at such times as reasonably determined by the School Corporation. All required payments shall be made to the School Corporation's Treasurer and may be made from the retired teacher's personal funds and/or Separate Share of the VEBA, but only as otherwise allowed by the terms and conditions of the VEBA and the Agreement, as amended. Eligibility ends at age 65.

Employer agrees that these rights are vested and will not change at anytime.

ARTICLE 8 – 403(b) PLAN

A. Salary Reduction Elections

Each teacher may elect to make tax deferred contributions, i.e., salary reduction contributions, to a plan described in Code Section 403(b) to maximum limits allowed by the Code. The School Corporation shall maintain a list of approved investment vendors for the salary reduction contributions made to the 403(b) Plan. However, such vendors must satisfy the requirements of Article V, Section G, and the School Corporation may require vendors to sign hold harmless agreements, service agreements, and other agreements outlining the obligations of the vendors to the School Corporation and teachers.

B. Teacher Matching Retirement Savings Plan

1. Eligibility – A matching retirement savings program under Code Section 403(b) (the “403(b) Matching Program”) has been established for:
 - a. All teachers hired after August 1, 1998, and;
 - b. All teachers employed before August 1, 1998 who made an irrevocable election before July 1, 1999 to participate in the 403(b) Matching Program (previously referred to as the 403(b) Program), rather than take Retirement Pay under Article VII of the Agreement, as it existed before the Effective Date.

Teachers who fail to satisfy the requirements in (a) or (b) shall be allowed to make salary reduction contributions to a Code Section 403(b) plan; however, only those teachers that satisfy (a) or (b) shall be eligible to participate in the 403(b) Matching Program.

2. Matching Contribution – For each One (1) Dollar contributed by an eligible teacher to a Code Section 403(b) plan maintained by the School Corporation, the Board will contribute One (1) Dollar to the 403(b) Matching Program (the “Matching Contribution”). However, the annual maximum Matching Contribution made by the Board for any particular teacher shall not exceed \$800 for the school year.
3. Vesting – Each eligible teacher shall be immediately 100% vested in his or her salary reduction contribution and the Board's Matching Contribution at the time of the contribution.

ARTICLE 9 – SUMMER SCHOOL

A. Salary and Wage Provisions

1. Each teacher will be paid an hourly wage determined by his/her regular base contract per Diem. Indiana Code Section 20-28-6-7(d) provides that the superintendent shall determine the salary for a supplemental service (including summer school) contract. The Superintendent has determined that the supplemental service salary will be bargained.
2. These provisions do not include Driver Education (unless taught as a part of the Center Grove Community Schools summer program), Summer Enrichment Programs or Approved Summer Curriculum Workshops.

B. Leave Days

Teachers on summer employment for the Board shall be eligible to use accumulated sick leave, but will not earn or accumulate sick leave during summer employment. Because of the shortness of time for the summer term, no teacher may take more than 10% of the length of summer school in accumulated sick leave days during summer employment for the school, regardless of the number of days the teacher has accumulated or earned.

ARTICLE 10 – GRIEVANCE PROCEDURE

Definition – a grievance is an alleged violation or claimed misinterpretation of a specific article or section of this Agreement. These forms are available in the Staff section of the Corporation website at www.centergrove.k12.in.us

A. Procedure

If in the judgment of the Association a grievance affects a group or class of bargaining unit employees, the Association may submit such grievance in writing to the Superintendent or the Superintendent's designee directly, and the processing of such grievance shall be commenced at Step Two of the grievance procedure.

STEP 1

Within fifteen (15) working days of the time that the grievant knew, or reasonably should have known of the grievance, the grievant shall present the grievance to the school principal during non-teaching hours. Within ten (10) working days after the presentation of the grievance, the school principal shall orally answer the grievance. If the principal or immediate supervisor is unable to respond to or resolve the grievance, it should be reduced to writing and advanced to Step 3 of the procedure.

STEP 2

Within ten (10) working days after the oral answer by the principal, if the grievance is not resolved in the opinion of the grievance may be stated in writing, signed by the grievant, and submitted to the school principal on the form provided by the School.

The written grievance shall:

- a. Name the teacher involved;
- b. State the facts giving rise to the grievance;
- c. Identify the specific provisions of this Agreement alleged to violated;
- d. State the contention of the grievant with respect to the grievance; and
- e. Indicate the specific relief requested.

Within ten (10) working days after receiving the written grievance, the principal shall communicate an answer to the grievance in writing to the grievant.

STEP 3

If the grievance is not resolved by Step 2, the grievant may, within ten (10) working days following the receipt of the principal's written answer, appeal to the Superintendent by filing the grievance and the principal's answer along with any written response of the grievant to the answer of the principal, with the Superintendent, who shall receipt therefore.

The Superintendent, or his/her designated representative, shall give the grievant an answer in writing no later than ten (10) working days after receipt of any written grievance, principal's answer, and written response, properly filed with the Superintendent.

STEP 4

Within ten (10) working days after receiving the decision of the Superintendent, an appeal from the Superintendent's decision may be made to the Board. The Board shall hold a hearing on the grievance at a regular or special meeting, at the Board's option, and render its decision in writing to the grievant.

The Board may not consider any material, allegation, or remedy that is not presented in Step 3, but may, in its discretion, hear evidence concerning any of the material, allegations, or remedies that were presented in Step 3.

Within ten (10) working days after the hearing by the Board, the Board shall announce its decision in writing to the grievant, and the Board's decision shall be absolute and final, subject only to such judicial review as is provided by the law of the State of Indiana, and of the United States of America.

B. Hearings

Hearings, as contemplated by this grievance agreement, shall be conducted at a time and place, chosen by the Board, which will afford a fair and reasonable opportunity for all persons, including witnesses entitled to be present to attend. Hearings shall be conducted during non-school hours, unless there is mutual agreement for other arrangements.

C. Time Limits

Time limits herein may be extended only by mutual agreement, in writing, signed by both parties.

If there is a failure at any step to communicate the decision on a grievance within the specified time limit, the grievant shall then have the right to proceed to the next step of the procedure as outlined in this Agreement.

Any grievance not advanced from one-step to the next within the time limits by the grievant shall be deemed resolved by the answer at the last step, and the grievant shall be forever barred from proceeding further with the grievance.

Any grievance which arose prior to the effective date of this Agreement or after the termination date of this Agreement shall not be processed.

Any grievance not presented in Step 1 within ten (10) working days from the time the grievant knew or could have known of the grievance, or any grievance not submitted in writing in Step 2 within the time as therein provide, shall be deemed waived and shall not be processed and the grievant shall be barred from proceeding further with the grievance or the subject matter of the

grievance.

ARTICLE 11 – JOB SHARING

The phrase “Job Sharing” shall mean two (2) currently employed teachers sharing one full-time position on a pro-rated basis for one school year.

A job-sharing teacher shall be compensated at his/her base contract rate of pay multiplied by the percentage of teaching assignment worked by that teacher.

A job-sharing teacher shall receive Board paid contribution toward his/her group insurance program in the amounts specified within the Agreement multiplied by the percentage of teaching assignment worked by that teacher. The teacher will be responsible for paying the difference between the pro-rated Board contributions and the total insurance premiums through payroll deduction.

A job-sharing teacher shall receive leave days in the amount specified within the Agreement multiplied by the percentage of teaching assignments worked by that teacher.

APPENDIX G – ONE-TIME STIPENDS

A. National Board Certification

The corporation shall provide an annual stipend of \$1,500 for teachers who have received an evaluation rating of “Highly Effective” or “Effective” during the previous school year and obtain certification from the National Board for Professional Teaching Standards and become National Board Certified Teachers. If these criteria are satisfied and a stipend is awarded, then 67% of the stipend is attributable to the teacher’s evaluation rating and 33% is attributed to the National Board Certification. A teacher must notify in writing and verify to the Superintendent of attainment of this certification fifteen (15) days prior to the start of the school year.

B. Dual Credit and AP/ACP Courses

Teachers who are dual credit certified and are teaching a dual credit course and/or AP/ACP course will receive a one-time stipend in the sum of:

1. \$800 per semester for credentialed teachers who teach at least one dual-credit, AP or ACP class.
2. This would be paid in the form of a lump sum stipend that will be paid at the end of the term (Fall, Spring, and Summer) that teachers teach a dual-credit course.
3. Only teachers who are dual-credit credentialed AND are teaching a course in the semester would be eligible to receive the stipend.

C. Bridges Academy Teachers

The corporation will pay a stipend to each Bridges Academy teacher in the sum of \$1,000.00 per semester. For a Bridges Academy teacher who is not on contract and working at Bridges for an entire semester, the teacher stipend will be prorated for the number of days worked in the semester.

D. Discretionary One-Time Stipend

The Superintendent shall have the discretion to provide each teacher with an additional one-time stipend in an amount to be determined in the sole discretion of the Superintendent, which additional one-time stipend (if given) will be paid to each teacher by no later than December 31, 2018.

APPENDIX H – ONE-TIME STIPENDS (Retirement)

A. Retirement Stipend

The parties have tentatively agreed that a one-time stipend in the sum of \$1,500.00 will be paid to any bargaining unit member who gives notice of his/her intent to retire by February 1 of the year in which he/she is going to retire. To be eligible for this one-time stipend, the teacher must work at least 120 days during the final school year of the teacher’s employment. The parties understand this is a program for the 2018-2019 school year and the stipends will be paid out of cash balance.
