

Center Grove

Community School Corporation

January 19, 2016

Dear Parent:

Currently your child can only see the books available on a K-6 grade reading level. We take great pride in providing a high quality digital library of books at all levels. The books selected for the upper grades sometimes deal with topics and issues related to teens. You can preview all of the books by visiting <http://centergrove.lib.overdrive.com>. You will also be able to monitor the downloads of your child's books. Don't forget that our library also connects with the very prestigious Gutenberg collection of classics. To access that collection, please click "Collections" at the top and choose "Project Gutenberg."

If you would like to allow your child's account to have full access to download books, please sign the permission slip below.

Sincerely,

Jason Taylor
Chief Technology Officer

Dr. Jack Parker
Director of Teaching & Learning
