"We are thrilled to see all of our schools earn an "A" score," said Dr. Rich Arkanoff, CGCSC superintendent. "Our entire staff worked very hard to develop and implement strategies for improvement across the board. I am very pleased to see them recognized for their hard work and dedication. I am so proud everyone for their continued focus on improvement that drives the high achievement in all of our schools."

The Department of Education assigns scores and letter grades to schools as one indicator of school accountability. Letter grades for high schools are calculated based upon performance (Algebra 1 and English 10 End of Course Assessments), student improvement, graduation rate, and college and career readiness (such as Advanced Placement, International Baccalaureate and industry certification exams or the acquisition of college credits). Letter grades for elementary and middle schools are based upon English/Language Arts and Math ISTEP+ performance, improvement, growth and participation.
