Endress+Hauser donates \$10,000 to fund STEM education in Center Grove

August 4, 2015 (Greenwood, IN) - Endress+Hauser, Inc. made a generous donation of \$10,000 to the Center Grove Education Foundation on Monday, August 3, 2015 to help fund the development of STEM (Science, Technology, Engineering, Math) programs in Center Grove, including the new Center Grove Innovation Center, formerly known as the STEM Lab, Center Grove's award-winning Red Alert Robotics Team, and other programs.

Center Grove Superintendent Dr. Rich Arkanoff joined Center Grove Education Foundation Executive Director Carla Johnson and Board President Matt Goodpaster to accept the donation. "We are grateful to Endress+Hauser for their financial support of the Innovation Center, their involvement in the development of the center, and their continued investment in our community and Johnson County as a whole," said Arkanoff.

"It is critical for employers and leaders in the community to partner with our educators and the myriad adult influencers to encourage the highest quality STEM education," says Brandyn Ferguson, vice president of human resources, Endress+Hauser, Inc. Ferguson was joined by Crystal Hunt, Endress+Hauser senior public relations manager.

Endress+Hauser also donated \$10,000 each to further STEM education in Clark Pleasant and Greenwood school corporations. The grants were made possible through the Endress+Hauser Fund and partnership with the Johnson County Community Foundation.
