ACADEMIC AND ATHLETIC FIELD TRIP GUIDELINES

Updated for 2020-2021

The Center Grove Community School Corporation believes field trips can provide excellent educational experiences for students. Field trips can contribute to student learning when visits to appropriate locations and facilities are arranged. Field trips that are academic in nature should be considered a worthwhile part of a course of study and must be related to the IN Academic Standards (unless the trip is extra- or co-curricular in nature).

Because field trips represent a significant cost to the Corporation, it is essential that each trip be carefully planned, conducted according to the plan, and then evaluated in terms of how well the learning purpose was accomplished.

Below are presented guidelines for field trips, including changes from previous years' practices regarding field trips. A list of Frequently Asked Questions about field trips and a list of dates—both trip request deadlines and important dates to avoid when scheduling trips—are presented. Please note a new section has been added on Non-School/Corporation Sponsored Field Trips.

FIELD TRIP GUIDELINES

1. Deadlines for Trip Requests: Submit all field trip requests by semester
 - a. Fall semester field trip requests due by *September 4, 2020*
 - b. Spring semester field trips due by *December 4, 2020*
 - c. Summer field trip requests due by *May 7, 2021*If possible, submit a window of possible trip dates to assist in scheduling.

2. Limit on Number of Trips: Limit of one field trip per grade level (elem.) or middle school team per school year and one per non-core academic subject per year (not for every grade level).

Note: Essential Skills and special education preschool classes will continue to go out in the community for life skills activities once per month.

Elementary intramurals and academic enrichment club (e.g., French Club, Spanish Club, Key Club, etc.) trips will be limited to two per semester or a total of four over the course of the school year.

3. Limits on Distance: Distance of field trips will also be limited to a 50-mile radius. Appeals for exceptions may be made to Nora Hoover, Assistant Superintendent of Teaching and Learning.

4. Ratio of adults/chaperones to students
 - a. Elementary 1 adult for every 10 students
 - b. Middle school 1 adult for every 15 students
 - c. High school 1 adult for every 25-30 students

Note: Elementary trips should not involve so many chaperones (e.g., parents and grandparents) that additional buses are needed!

5. Daily Limit on Buses: Limit of 10 buses available each day for field trips
--“first come, first served”—so reserve early!
--Saturday trips are generally acceptable. The purpose of these guidelines is to limit the trips during the week because of a limited number of buses available.

6. No Trip Dates: No field trips are to be scheduled on testing dates and days before holiday as well as at the end of semester (see attached).

7. Purpose of Field Trips: Trips must be academic in nature and purpose. “Reward” field trips will be discouraged.

8. Avoid route times when scheduling field trips.
Do not schedule during the following windows:
 - a. 6:30-9:00 a.m. Monday-Friday
 - b. 2:15-4:15 p.m. Monday, Tuesday, Thursday, Friday
 - c. 1:15-3:30 p.m. Wednesday

9. Adult Chaperones—chaperones—whether school staff or parent volunteers—should model exemplary behavior for students in terms of language, demeanor, and behavior. Additional

guidelines for chaperones are attached. Please distribute the “Responsibilities of Trip Chaperones” to each chaperone prior to taking the trip (see Page 8).

10. Student Costs: Costs to students should be under \$10 per trip. Expenses in excess of that amount must be approved by Nora Hoover, Assistant Superintendent of Teaching and Learning.

Teachers must converse with a parent of any student who has not paid for the field trip or has not turned in the parent permission slip to determine if a financial hardship exists. If the field trip sponsor learns that a financial hardship exists in a student’s family, the trip costs will be covered by school funds for that student.

11. Parental Consent Forms must be returned to the building administration before any field trip. No student will be allowed to participate if the consent form is not received prior to the trip.

12. Emergency Information: A copy of each student’s Emergency Medical Authorization Form is to be in possession of the staff member sponsoring the field trip IF the trip is not completed prior to the end of the school day.

13. Student Pick-Up: At least one staff member is to remain at the school after the return trip until all students have been picked up (for trips not completed prior to the end of the school day).

14. Supervision of Students: At least one chaperone must ride each bus carrying students.

15. Information for Students: Prior to arrival at the destination, students are to be made aware of:
 - a. How they are to conduct themselves
 - b. What time the bus will leave for the return trip
 - c. Where the bus will be located for the departure
 - d. Any specific information that the students should know with reference to the area being visited.

If the travel to the destination takes more than 30 minutes, an educational activity should be planned to occupy students.

16. School Board Approval: Overnight and/or out-of-state trips require approval by the Board of School Trustees.

- a. Short overnight (1-2 nights) and/or out-of-state trip requests
 - o Must be submitted to the administration at least two months prior to the proposed field trip.
 - o Must be approved by the Board at least one month prior to the trip.
- b. Extended trip requests
 - o Includes trips with some or all of these components: require advancing planning for students and parents, have substantial costs (typically \$100 or more), and may cause students’ absence from school.
 - o Must be submitted to administration at least 14 months in advance, which gives families and school at least 12 months to plan.

17. Duplication of Trips: Field trips to the same location by different grade levels should be carefully evaluated in order to avoid future duplication of trips.

18. Make-Up Work: At the secondary level, arrangements for make-up work are the responsibility of the student. Make-up work must be completed after a student returns to school.

19. Approval: Any administrative approval of a field trip is conditional on availability of a driver and a bus.

FREQUENTLY ASKED QUESTIONS ABOUT FIELD TRIPS

1. May an outside parent or group pay for gas and other field trip expenses?

Yes, a parent or group may contribute funds to offset trip costs for the ONE trip permitted for each grade level or team. However, outside contributions may NOT be used to “purchase” an additional trip per year. Also, contributions should not exclude students or student groups, but be applied for all involved students.

2. What if a trip that has been taken in the past is now outside of the 50-mile radius—may other arrangements be made so that the trip can occur?

Yes, charter buses can be hired using school funds or contributions. However, charter bus companies must be approved by the Transportation Department and must have a certificate of insurance filed with the school corporation.

3. What if a trip that has been taken in the past is now outside of the window for route times—may other arrangements be made so that the trip can occur?

Yes, the trip sponsors may consider having the trip on a Saturday OR hiring charter buses for the trip.

4. So what charter bus companies are approved by the Transportation Department? How much do they cost?

The Transportation Department recommends Free Enterprise, Star of Indiana, Miller Transportation, and National Rental charter bus companies. The latter two tend to have the best prices. Fees generally range from \$35-\$50 per hour and normally include an hourly minimum (5 hours minimum seems to be the norm) and a mileage range in that hourly figure. Longer hours and distance will change the cost. If any group wishes to use any of these vendors, be sure to check with the Transportation Department so that they can check to make sure the carrier is up-to-date on all requirements.

5. May students or groups of parents drive to trip sites if school buses are not available?

No, this is a liability and safety issue and thus, not permissible.

6. May a staff member transport students in the staff member’s vehicle?

This is strongly discouraged. Staff members would be taking a personal risk in terms of liability and insurance. The corporation’s insurance would not cover a staff member if an accident occurred. It is preferable for a mid-bus to be reserved for such trips.

7. Which trips need school board approval?

In the rare instance when trips involve an overnight stay and/or are out-of-state, approval from the school board is required. For details, please reference Guideline #16 on page 4.

8. May specific or favorite drivers be requested?

Yes, specific drivers may be requested, but there is no guarantee such drivers will be assigned to the trip. The Transportation Department has developed an equitable system based on seniority that has each trip posted in a fair manner. Thus, drivers cannot "recruit" trips for additional pay out of line with their peers.

9. What happens if students win a competition or have a one-of-a-kind opportunity for a trip that occurs after the trip request deadline?

Such occurrences may merit an exception to be made, and requests should be sent immediately to Nora Hoover, Assistant Superintendent of Teaching and Learning for consideration.

10. Why can Athletics, Band, and Choir go beyond the 50 mile radius?

Athletics pays for its own transportation with revenue from gate receipts from sports events. The Athletics Department IS cutting back on distance for events and new guidelines have been issued by the Athletic Director (see Page 9).

The Band and Choir organizations pay for their trips with revenue from fundraisers and their booster organizations. These groups are also examining the location of future competitions so that travel costs may be reduced.

If a coach opts to continue an event outside this range, that sport will reimburse the school corporation the amount of gas used in excess of the 100 mile round trip range. CHAPERONE GUIDELINES FOR STUDENT TRIPS

FOR OVERNIGHT STAYS IN HOTELS OR DORMITORIES:

1. All school rules apply while on this trip. The school personnel and official chaperones are the decision makers, and their directives must be followed.
2. No students of the opposite sex are allowed in students' room at any time.
3. Set a definite curfew in which students are to be in their rooms for the evening.
4. School staff should check with the hotel management to see if a log is available each morning, which tells what room door, was opened. Many hotels have this service available due to electronic entry systems.
5. If no electronic record is available, the trip coordinator should provide for an overnight supervision watch done by either hired security from the hotel or by chaperones for the group.
6. Make sure students "leave no evidence" that they were present in the facility. When gathering in a public area like a lobby for departure, students must police the area to make sure belongings and trash are not left.
7. Develop and communicate a procedure for distributing and collecting room keys. Students may not switch room assignments.
8. Remind students that there are guests trying to sleep in the hotel and that they should refrain from loud talking and door slamming while passing through hallways.
9. If the trip schedule allows students to leave the facility for recreation, shopping etc., students must go in groups of three or more. **NO STUDENT SHOULD EVER LEAVE THE FACILITY ALONE.** Chaperones must establish a definite return time to the hotel or a "check-in" time while out sightseeing. Each small group should have a specific chaperone designated to monitor them. Students should wear tags with their name's printed on the front at all times. On the back of the tags, the hotel name, the hotel address, and the hotel phone number should appear.
10. One person should keep medical treatment release forms, and all chaperones should know the location of these. Prior to leaving school, a staff member should have the school nurse review the medical forms to identify students with allergies or health issues.

NON-SCHOOL/CORPORATION SPONSORED FIELD TRIPS SUMMARY OF GUIDELINES

UPDATED 07/22/2019

According to School Board Policy #2340, a field trip shall be defined as *“any planned journey for one or more students away from Corporation premises, which is under the supervision of a professional staff member and an integral part of a course of study. Other Corporation-sponsored trips shall be defined as any planned student travel activity which is approved as part of the Corporation’s total educational program.”*

Thus, a non-school or-corporation sponsored field trip would include any trip NOT sponsored or approved by the Corporation because it is not an integral part of a course of study. Examples include Space Camp, world language study trips abroad, the Washington, D.C. trip, and the Earth Science trip. While these are worthwhile learning opportunities, these trips are NOT approved by the Corporation and thus clarification about how to proceed in offering such trips is provided below.

- Before initiating discussion with students and/or parents regarding any type of trip that is not considered a school field trip but which involves students from the Corporation, the sponsor must have permission from Nora Hoover, Assistant Superintendent of Teacher and Learning. Trip sponsors are encouraged to plan accordingly in securing this permission in a timely fashion.
- The staff member/sponsor of such trips assumes all liability for the welfare of students.
- The staff member/sponsor may not use the name of a corporation or one of its schools or any corporation or school logos in any manner which associates it with the trip or group involved in the trip.
- In order to discuss on Corporation premises any aspects of a non-corporation sponsored trip, the staff member/sponsor must submit a Use of Facilities application requesting use of a facility during non-school hours. *It is strongly recommended, however, that sponsors instead meet off corporation premises so that parents do not assume the trip is sponsored by the Corporation.*
- Staff members/sponsors may not use staff member’s time while on duty to promote such trips.
- Staff members/sponsors may post information about such trips on the designated display board in each school. The staff member may also request school directory information from the principal for the purpose of promoting the trip. However, the staff member may not use school mail, e-mail, teacher webpage, school phone, or the Alert Now system to promote such trips.
- Funds for such trips may not be collected at school.
- The following disclaimer must be placed on any promotional materials for such trips:
"The proposed trip/activity is not sponsored by or affiliated in any way with the Center Grove Community School Corporation and thus, the Corporation assumes no responsibility or liability for this trip/activity. The trip/activity is not a school sponsored event and the Center Grove Community School Corporation has not granted actual or apparent authority to any third party to act on behalf of Center Grove Community School Corporation."
- The form for Disclaimer of Responsibility must be distributed to every parent of students participating in a non-corporation sponsored field trip (Page 14).
